UI UX Designer

SUMMARY

UI/UX Designer with experience designing end-to-end mobile and web experiences using Figma. Skilled in user research, wireframing, prototyping, Auto Layout, components, design systems, and responsive interfaces. Passionate about transforming complex product ideas into intuitive user experiences through strong visual design, usability principles, and AI-assisted design workflows. Experienced collaborating with stakeholders and translating user needs into scalable digital products.

PROJECTS

Ride Sharing Mobile App | UI/UX Design | Case Study | UX Researcher

- Conducted competitor analysis and market research to understand user expectations in ride-sharing platforms.
- Designed the complete user journey covering ride booking, live tracking, payments, and trip management.
- Created user personas, task flows, wireframes, and interactive prototypes using Figma.
- Developed a scalable design system with reusable components to maintain visual consistency.
- Focused on accessibility, usability, and reducing cognitive load throughout the booking experience.
- Designed responsive interfaces optimized for multiple mobile screen sizes.
- Applied UX principles to improve navigation clarity and booking efficiency.

Personal Portfolio Website

- Designed and developed a responsive portfolio website showcasing design projects and case studies.
- Applied visual hierarchy, typography, and spacing principles to improve content discoverability.
- Focused on accessibility and responsive design to ensure a consistent experience across devices.
- Created a clean information architecture to help recruiters quickly evaluate projects and skills.
- Improved usability through simplified navigation and structured content presentation.

Goal Line Venture Group – Logo Design & Brand Identity Design | UI/UX Design | Freelance

- Designed a responsive B2B corporate website UI in Figma, including wireframes, design system, reusable components, auto layout, high-fidelity screens, and interactive prototype.
- Created the company's brand logo aligned with its industrial identity and business values.
- Structured the website's information architecture and user flow to improve navigation across Home, About, Products, Services, and Contact pages.
- Developed a consistent design system covering typography, color palette, spacing, buttons, cards, and navigation components.
- Designed responsive layouts for desktop, tablet, and mobile using Figma Auto Layout and reusable UI components

SKILLS

UI/UX Design: User Research, Wireframe, Prototyping, User Flows, Information Architecture, Design Systems, Responsive Design, Mobile App Design, Web Design, Usability Testing, Components, Variants, Auto Layout, Typography

Tools: Figma, Figma-AI, Adobe Photoshop, Adobe Illustrator, Canva, Adobe Express, ChatGPT, Google Stitch

Professional Skills: Problem Solving, Stakeholder Management, Communication, User Empathy, Collaboration, Analytical Thinking

EXPERIENCE

Academic Coordinator

Aug 2023 – Nov 2024

Masters' Union

- Improved student experience by managing academic workflows and communication systems across multiple programs.
- Collaborated with students, faculty, and internal stakeholders to identify process bottlenecks and implement workflow improvements.
- Gathered user feedback and analyzed recurring pain points to enhance engagement and operational efficiency.
- Designed and maintained structured digital workflows using LMS platforms and Google Workspace.
- Managed high-volume stakeholder communication while ensuring timely issue resolution and user satisfaction.
- Developed strong user empathy through continuous interaction with diverse learner groups.
- Leveraged analytical thinking and problem-solving skills to optimize academic operations and improve service delivery.

Operations Executive

May 2022 – Mar 2023

CollegeDekho

- Supported prospective students throughout admission and enrollment journeys.
- Identified friction points in admission workflows and contributed to process improvements.
- Collaborated with universities and internal teams to improve communication and user support systems.
- Analyzed user requirements and provided personalized guidance throughout application processes.
- Managed operational reporting and documentation using Excel-based systems.
- Built a strong understanding of user behavior through direct interaction with students and stakeholders.
- Contributed to creating smoother onboarding experiences and improved service efficiency.

EDUCATION

Dr. A.P.J. Abdul Kalam Technical University (AKTU)

Bachelor of Technology (B.Tech) – Information Technology
