PROFESSIONAL SUMMARY

UI/UX Designer focused on creating user-centered mobile and web experiences with strong skills in wireframing, prototyping, responsive design, and design systems using Figma. Experienced in combining analytical thinking, communication, and operational problem-solving from EdTech and data analysis backgrounds to improve user experience and business workflows.

SKILLS

• Figma • Wireframing • Prototyping • User Flows • Design Systems • Responsive UI Design • UX Problem Solving • User Experience Design • Mobile App Design • Web Design • Communication Skills • Stakeholder Management • MS Excel • Data Analysis Basics

EXPERIENCE

Product Design Project | Ride Sharing Mobile App

Udemy | Nov 2024 – May 2025

- Redesigned booking flows and high-fidelity mobile interfaces in Figma to improve navigation and user experience.
- Created interactive prototypes with live tracking flows and responsive UI components.
- Applied design system principles and reusable UI components for scalable interfaces.

Teaching Assistant

Masters' Union | Jul 2023 – Nov 2024

- Managed academic workflows, LMS operations, and communication systems.
- Improved reporting accuracy and workflow efficiency using Excel and operational tools.
- Collaborated with faculty and students to solve communication and coordination challenges.

Operation Executive

CollegeDekho | May 2022 – Mar 2023

- Coordinated admission workflows and student onboarding processes across institutions.
- Managed operational reporting and stakeholder communication using Excel-based workflows.
- Improved documentation and operational efficiency through structured process management.

Data Analyst Intern

Ducat India | Aug 2020 – Jan 2021

- Performed data preprocessing, visualization, and reporting using Python and analytical tools.
- Worked on fraud detection datasets and analytical workflows for data-driven insights.

PROJECTS

Ride Sharing App: Designed user flows, booking experience, and live tracking interfaces for mobile applications.

Shoe Store E-commerce App: Built mobile-first UI focused on product discovery, navigation, and checkout usability.

EDUCATION

B.Tech in Information Technology

Dr. A.P.J. Abdul Kalam Technical University (AKTU), 2016 – 2020

CERTIFICATIONS

- Complete Web and Mobile Designer: UI/UX, Figma & More
- Figma Master Class
